

Northstar Operations Group - Remote Work Policy

Remote Work Policy

1. Scope

This policy applies to employees approved for remote or hybrid work. Remote work must support customer commitments, team collaboration, and information security.

6. Core Collaboration Hours

Remote employees must be reachable during core collaboration hours from 10:00 AM to 3:00 PM Mountain Time, Monday through Thursday, excluding company holidays. Departments may publish additional coverage windows for customer-facing teams.

7. Work Location And Security

Employees must work from a secure location, use company-managed devices, and connect through approved network controls when required. Confidential work should not be performed where screens or conversations can be observed by unauthorized people.

8. Tools And Records

Employees must use approved communication, ticketing, document, and storage systems for company work. Policy decisions, approvals, and official records must be captured in the appropriate system of record, not only in chat.

9. Escalation

Questions about remote work eligibility should go to the employee's manager and HR. Questions about secure remote access should go to IT Security.
